Outcomes & Impact

Paired/Grouped Leadership Intervention/Change Project

Real, Meaningful and Impactful

Critical Reflection and Evaluation

What do our alumni think?

Impact?

Impact for individuals assessed using Kirkpatrick's model (and QA/E processes)...but:

- how does the University benefit from:

the outcomes from the projects?

the knowledge gained through the projects?

the leadership skills/attributes of alumni?

Impact?

- What encouragement and/or support is there for:
 - participants after the programme - engagement?
 - how do alumni stay in touch?
 - opportunities for continuing learning/development?
