CONFERENCE CHALLENGE

Why a social media challenge?
The SDF would like colleagues attending the conference to enjoy all aspects of the occasion, share their learning, and benefit from others' shared learning as well.

What tools could you use?
You may use Twitter, Facebook, Instagram, or any other social media tool of your choice, as long as it provides the evidence of having completed and shared all tasks.

What will you get in return?
In addition to strengthening your social media skills, networking skills, learning about innovative practices, there are four gifts provided by Centre4Learning.

INSTRUCTIONS

To cross a square on the card, you will need to complete a task and tweet/post on the social media tool of your preference to show the evidence - adding the following hashtags: #SDF2017 and #ConfChallenge. In other words, this works like an online bingo card with no numbers, but activities!

SUBMISSION

The first four participants that complete the challenge, please approach the exhibitor stand of Centre4Learning during day 1 of the conference by 5:30 pm and show Shyrose (Centre4Learning) and a member of the SDF Exec what you have done. Prizes will be awarded on

- 1) first come, first serve basis
- 2) completion/share of all tasks.
