# Collaborative Development Fund

**Closes 11<sup>th</sup> December at 1200 GMT**

We are inviting member institutions to apply for funding to deliver projects which will start in January 2021.

The projects are:

- Diversity on boards (worth £35k)
- Developing flexible ecosystems for education that support student success (worth £20k)
- Leading transformation of organisations (worth £20k)

Member institutions will be able to get involved in both bidding for funds and being part of the projects.

# Monthly Themes

The three core aims for our membership benefits for 2020-21 are to support the HE sector in:

- Designing **sustainable and flexible educational programmes** that enable student success in the rapidly evolving context for higher education (for example, current COVID-secure and social distancing requirements that apply variously in different national and regional settings);
- Strengthening and enhancing leadership and governance capacity and capability to support effective strategic development and the **successful leadership of transformation**;
- More deeply understanding the **impact on equality, fairness and inclusion** of the current COVID-19 crisis and continue to enhance the inclusivity of higher education in a rapidly changing environment.
