**11:10 Building an adaptable advantage: Ian Whiting**

Building on the CIPD hackathon (in 2013) which examined how HR could play a role in eliminating the barriers to adaptability in organisations, the chair will facilitate a session which looks at the emergent design principles for adaptability to see how we can foster the right conditions in our own organisations (especially in the light of our own experiences in 2020).

**11:50 Preparations for return to campus and a new normal**

In this session, we shall break into smaller groups to share insights

Complete the sentence when we move into tier 0

we plan to start .....

we plan to stop .....

we plan to keep .....

With a summary plenary session at the end

**12:30** Finish time.
